***Texas Commission on the Arts***

The Texas Commission on the Arts was deeply honored by your performance and participation in the July 29th and 30th, 1995-96 Artist in Education Orientation Conference at the Driskill Hotel. We would like to extend our thanks to you for your extraordinary performance. Your powerfully moving stories and musical pictures were repeatedly cited as a high point of the conference. We genuinely appreciate your commitment to advance quality education in Texas. Thank you for sharing in this public celebration of arts education. The voice and caring you have evidenced will serve to promote new awareness and broadened opportunities for all Texans and the communities they live in. Again, thank you; we value your time and the lifelong commitment you bring to the work.
